	specifications of your diversion or storage works.) Drill, case well and pump to State manner in which water is to be diverted, i.e. diversion structure, ditches and stockwater facility			
	stockwater facility flumes, drilled well with pump and motor, etc.			
9.	flumes, drilled well with pump and motor, etc. Estimated cost of works \$10,000.00			

Protested APPROVAL OF STATE ENGINEER This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It understood that the amount of water herein granted is only a temporary allowance at that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of the source. It is further understood that this right must allow for a reasonable lower of the static water level at permittee's well due to any other ground water development in the area. The well shall be equipped with a 2-inch opening a measuring depth to water. If well is flowing, a valve must be installed a maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for tuse of the Federal range. This permit does not extend the permittee the right of ingress and egress public, private or corporate lands. The issuance of this permit does not waive the requirements that the permitholder obtain other permits from State, Federal and local agencies. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed. 9.01 cubic feet per second or sufficient to water of head of cattle. Work must be prosecuted with reasonable diligence and be completed on or before. May 1, 1997 Proof of completion of work shall be filed before. Application of water to beneficial use shall be filed on or before. May 1, 2000 Proof of the application of water to beneficial use shall be filed on or before. N/A Application of work filed. Application of water to beneficial use shall be filed on or before. N/A Completion of work filed. Application of work shall be filed on or before. N/A Cultural map filed.
